

REMARKS

Applicants submit that the specification submitted herein is substantially the same specification as filed in the parent application. Some changes have been made to 1) reflect amendments accepted during the prosecution of the parent case, including the addition of sequence identifiers to comport with the requirements 37 C.F.R. §§ 1.821-1.825, and 2) amend the format of the specification to comport with current U.S. Patent and Trademark Office requirements with regard to the application papers, including margins, spacing, and paragraph numbering as provided under 37 C.F.R. § 1.52, and 3) present new claims in the continuation application. No new matter has been added.

By the above amendments, the specification has been amended to incorporate the updated priority information for the present application.

Respectfully submitted,

Date: September 12, 2003
